SAFETY

Seat belts must be worn on every journey, even on short trips in town. This applies to the front and rear seats. To ensure that the seat belts, belt tensioners and airbags are fully effective, note the following points:

Adjust seat and sit in correct position
It is important to sit in a normal, upright position. Do not move the front seats too close to the steering wheel/ dashboard. Make sure that the upper edge of the head restraint is at least at eye level. Keep your feet in the footwell when the vehicle is in motion.

Safety of children in the vehicle

Category 0
Children under 12 should travel on the rear seat. They must be protected by a child restraint system which complies with the European standard ECE R 44 and is suitable for the child’s weight and height. The safest place for the child restraint system is behind the front passenger’s seat. Make sure that the system is properly secured. Please observe the notes in the Audi Owner’s Manual and refer to the manufacturer’s instructions for the child seat.

Category 0 or 0+: For babies up to about 9 months/ 10 kg and infants up to about 18 months/ 13 kg.

Category 1: For small children up to about 4 years of age/ 18 kg.

Category 2: For children up to about 7 years/ 25 kg.

Category 3: For children over the age of 7 and between 1.30 m and 1.50 m tall. The child should travel on a booster cushion on the rear seat, wearing the normal three-point belt.
